

WOOD ISLAND LIFE SAVING STATION

AN ISLAND RETREAT FOR FOCUS, CONNECTION & IMPACT

Memorial Day through Columbus Day

Watch the 1:15 video

TEAM BUILDING AND COMPANY OFF-SITES

Located off the coast of Maine, the historic Wood Island Life Saving Station offers a rare opportunity for teams to gather in complete privacy in a fully restored 1908 U.S. Life Saving Station, equipped with modern technology, flexible meeting spaces, and fabulous ocean views. Your team has the island to themselves. No interruptions. No distractions. Just space to think, plan, innovate, and reconnect.

YOUR RETREAT MAKES A DIFFERENCE

As a nonprofit organization, venue rentals directly support the preservation of the Wood Island Life Saving Station and our dynamic programming through community initiatives such as CoastX youth camp, food drives, and educational programs. Hosting your retreat here not only elevates your team's work, it creates mission-driven impact throughout the region.

OTHER CONSIDERATIONS

Transportation can be arranged through our preferred partners Portsmouth Harbor Cruises, Gundalow Company, independent charters or via your private boat. Catering and beverage services are also available.
