EVENT FAQs

How do I access the Wood Island Life Saving Station for my event?

The station is accessible by boat only. You will need to arrange transportation through our list of preferred boat vendors based out of Portsmouth or via private boat.

What is included in the basic rental fee?

The basic rental fee includes the building and grounds, (2) restroom facilities, (10) 8' tables, (100) wooden garden folding chairs, (10) white linen tablecloths, state-of-the-art Audio Visual, power/Wi-Fi access, and cleaning.

What is the alcohol policy?

Wood Island does not sell alcohol and maintains a BYOB policy. It may be served at private events and is arranged by your caterer.

What is your refund policy?

Refunds are available up to 30 days before the event date. After this period, no refunds will be issued. Please refer to the rental agreement for full details on cancellations.

What happens if the event is canceled?

In the event of a cancellation by the boat captain, the non-refundable deposit can be applied to a future, mutually agreeable date within one calendar year from the original date of the event.

What is Plan B?

Plan B is the backup plan that you have created with your event planner. In rare cases of extreme weather, the boat captain may decide to cancel the event due to safety concerns. Your Plan B will enable you to have a wonderful event at a secondary location.

Do I need event liability insurance?

We highly recommend obtaining a policy to ensure peace of mind and can recommend providers. Event liability insurance is a specialized insurance policy designed to protect you, your guests, and your vendors in the event of accidents or incidents that might occur during your event.

Do I need to hire an Event Planner?

We highly recommend an Event Planner for half-day and full-day events and weddings due to the challenges that come along with having an event on an island. We can also help you plan smaller events for a small fee.

Are there ADA accommodations available?

The island and first floor of the station are accessible for those with mobility challenges. Please contact us ahead of time to discuss specific accessibility needs.

Is there parking available for guests on shore?

There is no designated parking for Wood Island guests on shore, however, charter boats will provide direction for parking in Portsmouth, NH.

Are there any noise restrictions?

To maintain the natural environment of the area, we kindly ask that you keep noise levels respectful of surrounding wildlife and other visitors. Amplified music must be kept at a reasonable volume.

Can we decorate the venue?

You are welcome to decorate the space with flowers and signs/posters on easels, but we ask that you do not attach any decorations to the walls.
